# CHAMBERLINS' GLADIOLUS

Echo Heights Farm, Jordan, N. Y.

FALL 1944-45

To Our Glad Friends:

We thank you for your patronage; also for the nice cards and words of sympathy sent at the time of our bereavement.

This has been a sad year for us and we miss our "Glad Man" keenly, both in a personal way and in the business. However, our sons have gone on with the work and we feel we cannot honor him more than by caring for the flowers he loved so much. We have had to cut down some on acreage but have had fine flowers and are now ready to offer you our collection of bulbs.

We assure you we aim to please our customers so if you are not satisfied please let us know and we will try and work it out together.

Mrs. F. O. Chamberlin & Sons.
